FOR TEACHERS!**

10 S WE ARE HIRING TEACHER INFLUENCERS!

- ✓ Are you currently a teacher ?
- ✓ Are you energetic ?
- ✓ Do you love to create new classroom decor ?
- ✓ Do you love to teach instructors how to be better?
- ✓ Do you love creating videos?
- ✓ Would you love to earn \$25/ short video you create on a smart phone you already have?

Send us your best 1 minute video showing us what you can do by September 1!

info@well-beingsafetyassessments.com

Interested in becoming a WSA teacher influencer?

Instructions: Your style has already got us on notice so now all you need to do is make a short 1-5 minute video and send it to us at info@well-beingsafetyassessments.com.

Instructions: Create a teaching video on your phone. Just think of one or two things another teacher would want to learn about. Maybe you can talk on GREAT classroom design, a special student craft, a STEM project or even how to instruct a specific subject. You get to decide. This is fun.

Instructions: Think about videos you love to watch on Tiktok, You Tube and Facebook. What keeps your interest, makes you laugh, is important and valuable to you and best of all you love to watch? Just do that!

Instructions: Ready to know the best part? You can sell your products, link your Teachers Pay Teachers Account, your own "teacher" website and even the Amazon Affilate Program to sell the products you are talking about in your video and WSA will pay you- not the other way around. Ready to get started?

Frequently Asked Questions

So you still have a few questions? Here are some answers.

1. What is Well-being Safety Assessments (WSA)?

WSA is an organization that is dedicated to the prevention of school violence. Our website is www.well-beingsafetyassessments.com. We are on all the social media outlets and work with about 20,000+ schools. WSA offers **THE PROACTIVE COLLECTION** which are many different school safety services that focuses on the mental health of students in schools all over the United States and "now" even in other countries. We offer a School Helpline, student wellness screenings and even counseling for kids and families who need a little extra help.

2. Why does WSA need "teacher influencers?"

WSA is a newer business. We opened our doors in 2016 and we need your help in getting the GREAT WORK we do out there to help students, teachers and schools everywhere. When you start your video, we ask you to mention WSA and what we do and at the end of your video we ask you again to remind people that you teamed up with us, support what we do and provide them with our website and how to get in contact with us.

3. How do I get paid?

Once you are hired as a Teacher Influencer, WSA will ask you to fill out the necessary paperwork to be a contractor with us. When your video is approved, turn in your timesheet and you will be paid about a week later through direct deposit. We pay \$25 for every approved video. Videos need to be between 10-15 minutes.
