

# Truth and Lies

## What Would You Do?

**Directions:** Read the scenario below and identify how you would handle the situation. Use the space below to write what would **you** do? Afterwards, have a discussion about telling the truth versus a lie and the consequences.

### Scenario:

You were home alone running around the house playing. You tripped over a toy, left on the floor, and bumped into a table with a beautiful vase on it. It wobbled, then fell on the floor and shattered in what seemed like a million pieces. You know your parents/guardians will be home soon. **What would you do?**
